

Ishan Sharma

Neemrana, Rajasthan | +91 7988830701 | ishan.sharma23@st.niituniversity.in | d.sharmaishan23@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Summary

CSE student specialising in Data Science with hands-on experience in data engineering, AI/ML development, and business intelligence. Built end-to-end pipelines, ML models, and dashboards delivering AI-driven insights, with skills in data quality, validation, and governance stewardship across analytics systems.

Projects

Bank Transactions Report | Power BI Dashboard

Tech: Power BI Desktop, Power Query, DAX

- Designed a 3-page interactive dashboard with page navigator, drillthrough, conditional formatting, and DAX measures to effectively communicate AI-generated financial insights to stakeholders.
- Performed data cleaning, transformation, and validation using Power Query to ensure accuracy and reliability for analysis; built Card, Line, Doughnut, Bar, Slicer, and Map visuals with custom PowerPoint background.

Fake News Detection System | AI / ML / NLP

Tech: MERN Stack, Python, Scikit-learn, NLTK, JWT, Tailwind CSS

- Developed and optimised an end-to-end AI/ML pipeline using NLP and ensemble learning (Random Forest, Voting Classifier, TF-IDF) to address real-world misinformation challenges with real-time news verification in <3 sec.
- Executed a full data engineering pipeline: integrating data from multiple sources, cleaning, transformation, feature extraction, and implementing validation checks for model training on labelled news datasets.

Air Quality Monitoring & Prediction | ML + Satellite Data

Tech: Google Earth Engine, Python, Random Forest, Linear Regression, Sentinel-5P/2

- Developing a **satellite-based machine learning framework** to estimate **PM2.5 and PM10 levels** for industrial regions.
- Integrating multi-source datasets such as ERA5, NDVI, NDWI, and NDBI while implementing validation checks to ensure data quality.
- Building AQI classification maps and predictive visualizations for the Neemrana region to support environmental analysis.

Education

- NIIT University, Neemrana, Rajasthan (2023–present)
B.Tech (CSE)— CGPA: 7.37
- Rishikul Vidyapeeth Sonipat, Sonipat, Haryana (2022–2023)
(10+2). CBSE-82.2%

Skills

- Languages – Python, SQL, R
- Visualization- Power BI (DAX, Power Query), Tableau, Matplotlib, Seaborn
- Developer Tools – Git, Docker, Postman, Jira, Jenkins
- Soft Skills – Communication, Organizational Leadership, Analytical Thinking, Teamwork, Adaptability

Certification

- Python with DSA – Udemy (2026)** [[Certificate of proof](#)]
- Power BI Desktop for Business Professionals – Infosys Springboard (2025)** [[Certificate of proof](#)]
- Digital Marketing Course (2025)** [[Certificate of proof](#)]

Co-Curricular Activities

- Basketball Coordinator:** Currently serving as the Basketball Coordinator, organising tournaments, managing teams, and fostering a competitive sports culture on campus.
